

# Ashtead Independents

Keep national party politics out of local government

## **Parking Restrictions – Consultation**

14th November 2013 by Chris Townsend

Parking restrictions for Ashtead from Surrey CC have now been put on the SCC website – for public consultation purposes (<https://www.surreycc.gov.uk/roads-and-transport/parking/parking-news-and-updates/parking-news-and-updates-in-mole-valley/mole-valley-2013-14-parking-review> – when at the site go to Implementation for maps etc.). The closing date for the consultation is the 6th December 2013.

One of the main parking issues has been Barnett Wood Lane and as one can see from the plans this issue will be resolved. Once consultation is over the implementation is forecast to be in March 2014.

The only concern one has re parking is with the provision of yellow lines, cars will tend to go elsewhere and we need to be aware that we do not want these lines all over Ashtead. However the Ashtead Independents are in discussion with the Train companies on a number of issues of which Station car parking charges are but one.
